UISPP Commission on Coastal Prehistory and Submerged Landscapes

Paris 8 June 2018

Schedule

Friday 8th June

XX-2. Shell mounds, Shell middens and Coastal resources
Salle 13

8.30: Introduction

8.40: Shell mound formation and transformation in relation to palaeo-environmental changes, Albatross Bay, northern Queensland, Australia
Simon Holdaway, Patricia Fanning, Kasey Alley
sj.holdaway@auckland.ac.nz

8.55: How to interpret a shell mound? An inter-continental comparison of shell mound formation processes
Kasey Alley, Simon Holdaway, Patricia Fanning, Geoffrey Bailey
allelykasey@gmail.com

9.10: Intensification or longevity? An assessment of shell mound accumulation rates from the Farasan Islands.
Matthew Meredith-Williams, Niklas Hausmann, Katerina Douka, Geoff Bailey
m.meredith-williams@latrobe.edu.au

9.25: Shellfishing and shell midden construction in the Saloum Delta, Senegal
Karen Hardy, Abdoulaye Camara
khardy@icrea.cat

9.40: Depositional volumes, discard rates and site functions: a case study from the Western Cape, South Africa
John Parkington
john.parkington@uct.ac.za

9.55: Coastal landscapes and shell mounds: archaeological investigations in Southeastern-Southern Brazil
Marisa Afonso, Laercio Brochier, Davi Garcia, Renata Cunha, Glauco Perez, Orestes Jarentchuk Junior
marisa.afonso@usp.br

10.10: Questions, Discussion

10.35 to 11.00. Break and poster session

11.00: Shell Midden Isotope Sclerochronology and the History of Seasonal Subsistence Networks on the Pacific Northwest Coast of Canada
Meghan Burchell
mburchell@mun.ca
11.15: Archaeological and Climatic data from elemental ratios using rapid analysis of shell carbonate
Niklas Hausmann, Matthew Meredith-Williams, Panagiotis Siozos, Demetrios Anglos
niklas@palaeo.eu

11.30: Environmental conditions and marine subsistence practices during the Mesolithic in Northern Spain
Stefania Milano, Igor Gutiérrez-Zugasti, Bernd Schöne
stefania_milano@eva.mpg.de

11.45: Molluscs and Crustaceans in the SE Iberian Peninsula in the late Palaeolithic: new data from the caves of Nerja (Mina Chamber) and Victoria (Malaga, Spain)
estebanalfer@hotmail.com

12.00: Shell Midden Formation at The Beagle Channel
Atilio Zangrando, Angélica Tivoli
panchozan@yahoo.com.ar

12.15: Reconstructing intra-site temporal and spatial history of two ethno-archaeological shell middens of Tierra del Fuego (Argentina)
Albert García-Piquer, Joan Miquel Lozano, Jordi Estévez
alberto.garcia.piquer@uab.cat

12.15 to 13.00. Questions, Discussion

13.00 to 14.00. Lunch

14.00: New paradigms in the exploitation of Mesolithic shell middens in Atlantic France: a review of the last 15 years
Catherine Dupont, Grégor Marchand
catherine.dupont@univ-rennes1.fr

14.15: Téviec revisited: new insights on a Late Mesolithic Coastal Atlantic Cemetery
Grégor Marchand, Éva David, Aimee Little, Solange Rigaud, Anne Tresset, Emmanuelle Vigier
gregor.marchand@univ-rennes1.fr

14.30: Coastal resources exploitation patterns throughout the Mesolithic in northern Iberia: evidence from the shell midden site of El Mazo (Asturias, Spain)
a.garcia.escarzaga@gmail.com

14.45: On the track of the Mesolithic motion along the southwest Portuguese coast: the case study of Castelejo shell midden
Joaquina Joaquina Soares, Carlos Tavares da Silva
joaquinasoares1@gmail.com, cea.maeds@amrs.pt

15.00: Invisible Mediterranean shell middens: Clues from inland sites
Daniella Bar-Yosef Mayer
baryosef@post.tau.ac.il
15.15: Rinnukalns revived – new interdisciplinary research on a Neolithic freshwater shell midden in northern Latvia
Harald Luebke, Valdis Berzins, Ute Brinker, Marcis Kalnins, John Meadows, Kenneth Ritchie, Ulrich Schmöcke, Ilga Zagorska
harald.luebke@schloss-gottorf.de

15.30: Pits for what? A comparative perspective on shell midden intra-site use between Late Mesolithic Atlantic Europe and Jomon Japan
Diana Nukushina
dnukushina@campus.ul.pt

15.45 to 16.00. Questions, Discussion

16.00 to 16.20. Break and poster session

Moustapha Sall
moustaphsall@gmail.com, moustapha1.sall@ucad.edu.sn

16.35: Exploitation and use of marine invertebrates during the Protohistoric period on the French Channel-Atlantic seaboard
Caroline Mougne
caroline.mougne@gmail.com

16.50: Adaptation et soutenabilité des populations protohistoriques. État des connaissances sur la pêche et la collecte des coquillages sur la côte de Tarragone pendant la protohistoire (IXe-ler siècle av. J.-C)
Margarida Genera Monells
margaridagenera9@gmail.com

17.05-17.40 Poster presentations

Coastal life on the isle of Formentera (Balearic Islands) during the Bronze Age. Terrestrial and marine resources in Cap de Barbaria II
Esteban ÁLVAREZ-FERNÁNDEZ, Ana Gallego Valle, Marián Cueto, Edgard Camarós, Teira Luis C., Sureda Pau
estebanalfer@hotmail.com

Iron Age shell middens in North Germany – An underrated field of research
Karl Johann Offermann
offermann@nihk.de

Late Holocene Shell Midden and Human Remains from Praia da Rocha, Moçambique
Ilona Benedetti, Jonathan Haws, Nuno Bicho, Mussa Raja, João Cascalheira, Brandon Zinsious, Michael Benedetti
benedetti.ilon@gmail.com

Coastal occupations and resource exploitation from the Middle Pleistocene to the Holocene in Northwestern Africa
17.40: General discussion on the commission *Coastal Prehistory and Submerged Landscapes*. Publication, Future Plans.
